Response To Restriction Requirement

REMARKS

This communication is in response to the Office Action of October 28, 2004 wherein seven species were identified and election of a single species was required. In response Applicants provisionally elect species 7, corresponding to FIG. 14. Claims 1-3, 5, 6, and 8-12 are readable upon the elected species.

Applicants note however that in addition to those species identified in the Office Action as corresponding to specific figures depicted in the Application, additional species may exist which are described in the specification and claims and which are not subject to the restriction requirement identified by the Office Action.

Conclusion

In view of the foregoing it is believed that the present application, with claims 1-35 is in condition for allowance. Early action to that effect is earnestly solicited.

Respectfully submitted,

VIDAS, ARRETT & STEINKRAUS
